

Honeywell A700 Safety Glasses - Amber

Product Images

Description

The Honeywell A700 Safety Glasses are a stylish fit for general use and protect against impact (45m/s). These glasses have an anti-scratch lens coating as well as providing all-day comfort to the wearer through a lightweight design. The A700 Safety Glasses feature sport temples and soft temple pads which provide a secure, wrap-around fit. The lenses are 8-base polycarbonate abrasion resistant and provide a 180° field of distortion-free vision
