

Pace ST25 Analog Soldering Station

Product Images

Description

The ST25 Analog Soldering Station is an economical, yet ruggedized soldering system with simplified dial control featuring SensaTemp closed loop temperature technology. Designed for ease of use, there is no programming and a color-coded diode tells you when you've hit the target temperature

- Analogue SensaTemp® Soldering Station
- High Capacity SMT/Thru-Hole Soldering
- Adjustable °F/°C Temp. Control Dial
- Temperature Dial lock
- Temperature range 176-482°C
- Tip to ground resistance 2 OHMS or less
- Temperature stability at $\pm 1.1^{\circ}\text{C}$
- 230V input
- Supplied with PS90 Soldering Iron & Stand
