

Flexx - Rap Finger Protection Wrap

Product Images

Description

Flexx-rap is an innovative finger protection tape that helps prevent damage to hands and fingers during repetitive manual processes while still allowing flexibility, breathability, and dexterity. Think of Flexx-Rap as a cross between a miniature ace bandage and a stretchy, fabric-like surgical tape

- Durable finger protection
- Heavy-duty fabric
- Waterproof
- Comfortable, "second skin", breathable material
- Abrasion resistant
- Colour: Blue
- No plaster residue
