

Deb Stokoderm Advanced Hand Cream Cartridge

Product Images

Description

The Deb Stokoderm Advanced Hand Cream is for use after exposure to heavy contamination. The Stokoderm Advance Hand Cream protects and cleanses the skin with its unique formulation to stop stubborn dirt from clinging to the skin

- Contains Algin to help strengthen the protective film on the skin for greater durability
- Contains a special blend of surfactants in the protective layer which are activated by pre-rinsing hands with just clean water, enabling removal of most soiling
- Perfumed and Silicone-Free
- For use in heavy contamination environments where gloves are not worn
- 1 Litre
