

Ansell Sol-Vex Gauntlets

Product Images

Description

The Ansell Sol-Vex Gauntlets are a nitrile gauntlet, designed to deliver optimal results in wet or dry work environments where chemical resistance is crucial. The Solvex Gauntlets are fully reusable, making them an economical choice for the wearer along with providing superb comfort with an unequalled abrasion resistance. There is no inner flocking, meaning there risk of lint contamination is reduced, making these gauntlets ideal for production areas that are sensitive to external impurities

- Fully reusable with an unequalled abrasion resistance
- Unlined – ideal for sensitive production areas
- Nitrile coating
- Reversed lozenge finish to enhance grip
- Sandpatch finish for fewer rejects of fragile parts
- Antistatic
- Colour: Green
- AQL: 0.65
- Category III
- Length: 455mm
- Thickness: 0.56mm
- EN374-2003: AKL, EN388-2016: 4102X
