

Clauss “No-Nik” Fibre Optic Strippers

Product Images

Description

The Clauss "No-Nik" Precision Wire Strippers are designed to cleanly remove fibre optic coating with accuracy and ease. Made from razor-sharp steel, the cutting blades score the insulation without cutting completely through it, making the Clauss "No-Nik" Precision Wire Strippers a powerful and exact tool

- Precision strippers
- Removes fibre optic primary coating
- Colour coded handles for identification
- Comes with vinyl protective case
- 3 piece kit also available (sold separately)
