

Coventry 2000 Series Wrapped Foam Swabs

Product Images

Description

- Durable, wrapped foam swabs designed for precision application of materials
- Abrasion -resistance for scrubbing with foam
- Strongest head of all foam swabs
- Wicking action pulls solvent from surfaces
- Fibreless construction prevents particulation
- Foam over cotton bud style provides a larger solvent capacity
- Ideal for applying and removing adhesives or lubricants in tight tolerance areas
- Also used for removing contamination from disk drive components
