

Elten Senex Safety Shoes

Product Images

Description

The Elten Senex Safety Shoes are high quality, lightweight safety trainers featuring reflective material to ensure the wearer can be seen even when visibility is poor. The Senex Safety Shoes are ESD-safe and suitable for working in areas subject to electrostatic discharge and in electrostatic protected areas. Designed with safety and stability in mind, Senex Safety Shoes are crafted from abrasion and tear-resistant Cordura® fabric material. Featuring a penetration-resistant midsole and a slip-resistant sole, the Senex Safety Shoes are ideal for light industrial and assembly work
