

Justrite Oily Waste Disposal Can

Product Images

Description

- UL, FM Approved
- Oily Waste Cans are essential whenever solvent cloths and wiping rags are used
- Rags and cloths soaked with solvents, and flammable liquids present a serious fire risk when improperly discarded
- The specially designed lid opens no more than 60 degrees and stays closed when not in use, isolating contents from fire sources and limiting oxygen so spontaneous combustion risk is virtually eliminated
- Made from terne plate
