

Saalman Safety Systems Wall Mounted Group Lockout Box

Product Images

Description

Saalman Safety Systems have designed these Wall Mounted Group Lockout Boxes in order to offer heightened security for the users. These boxes feature either a sliding or hinged lid, which become virtually tamper-proof when at least one lock is fastened to the box. Security is ensured using a protection barrier between the lid and bottom, making these Wall Mounted Group Lockout Boxes the perfect choice for top security

- 2 x Removable key hangers with 8 pegs each
- 4 x 1/4" diameter mounting holes on 9-3/8" centres
- 1 x 1/8" key slot at the top for additional lockouts
