

Speakman GravityFlo Portable Eyewash

Product Images

Description

The Speakman GravityFlo Portable Eyewash provides an effective eyewash method where there is no access to a water source. Quick and easy to use, the GravityFlo Portable Eyewash dispenses a continuous flow of solution for the ANSI/ISEA Z358.1 required 15 minutes

- Gravity operated eyewash
- 9- or 20-gallon capacity tank
- Can be shelf, table or wall-mounted
- Pull down activation
- Hands free operation once activated
- Plastic fill cap with integral tamper prevention
- SPESE4300 features a side fitting drench hose for spot body washing
- ANSI/ISEA Z358.1 certified
