

PB Swiss Tools Insulated Screwdriver Slotted Screw

Product Images

Description

- Insulated screwdrivers for slotted screws according to DIN 7437
- The ElectroTool screwdrivers combine the advantages of the slender classic handle with the non-slip SwissGrip material
- The VDE-tested ElectroTools offer professional and private users safety for electrical work
- The round basic shape with the conical handle neck is especially suitable for quick turning and for fine adjusting work
- The ergonomic grooves and the non-slip surface of the soft components allow high hand torque and long, fatigue-free working
- Approved by VDE up to 1000 V AC / 1500 V DC according to IEC/EN 60900:2004
