

Fluke Electricians Meter with Non-Contact Voltage

Product Images

Description

- VoltAlert™ technology for non-contact voltage detection
- AutoVolt automatic ac/dc voltage
- LoZ: helps prevent false readings due to ghost voltage
- Large white LED backlight
- True-rms for measurements on non-linear loads
- Measures 20 A (30 seconds momentary; 10 A continuous)
- Resistance, continuity, frequency and capacitance
- Min/Max/Average readings
- CAT III 600 V safety rated
- Product is POA (Price on Application)
