

Fluke Digital Thermometers

Product Images

Description

The new Fluke 50 Series II contact thermometers offer fast response and laboratory accuracy (0.05% + 0.3°C) in a rugged, handheld test tool

Features

- Large backlit dual display shows any combination of T1, T2 (52 and 54 only), T1-T2 (52 and 54 only), plus MIN, MAX, or AVG
- Relative time clock on MIN, MAX, and AVG provides a time reference for major events
- Electronic Offset function compensates thermocouple errors to maximize overall accuracy
- Measures J, K, T, and E-types of thermocouples
- Readout in °C, °F, or Kelvin (K)
- Splash and dust resistant case protected by impact absorbing holster
- Sleep mode for increased battery life
- Battery door allows easy access to battery compartment without breaking calibration seal
- 3 year warranty
- Fluke 51, 53 come with one beaded probe thermocouple
- Fluke 52 & 54 comes with two bead probe thermocouple

The Fluke 53 Series II and 54 Series II include all the features listed above plus:

- Data Logging up to 500 points of data with user adjustable recording interval
- Additional thermocouple types R, S, and N
- Real time clock
- Recall function allows logged data to be easily reviewed on the meter display

- IR communication port allows data to be exported to optional Fluke View Temperature PC software
- Product is POA (Price on Application)
