

Fluke TL225 Suregrip Stray Voltage Adapter Test Lead Kit

Product Images

Description

The Fluke TL225 Suregrip Stray Voltage Adapter Test Lead Kit ensures that a meter has low input impedance

- Suitable for use with 170 Series Meters
- Rated CAT III 1000V, CAT IV 600 V
- Ensures meter has a low input impedance that eliminates stray voltages
- On energized wires, the meter indicates the real voltage
- On non-energized circuits, the meter will read close to zero (even if there are stray voltages)
