

Dependable Forklift Entrance Mat

Product Images

Description

The Dependable Forklift Entrance Mat is suitable for buildings where lift trucks must enter and exit a building, to and from the outside. The Forklift Entrance Mat is anti-slip, easy to install and scalable for application

- Durable and strong taping system stops tiles from moving
- Polypropylene carpet top, rubber backing
- Can withstand lift truck traffic up to 14,000lbs
- Bi-level surface effectively removes moisture and dirt from wheels to improve lift truck safety
- Easy to clean and fast drying
- 115cm x 180cm
