

Dependable Flexible Bollard Post

Product Images

Description

The Dependable Flexible Bollard Post is effective in demarcating out of bound areas or separating traffic. The Flexible Bollard Post is extremely durable and visible due to the highly reflective warning tape

- Highly flexible – springs back into position after impact
- Can withstand cars, trucks or forklifts driving over the post
- Constructed from robust polyurethane
- Easy to install - fixings sold separately
- Ideal for use in carparks, loading bays and other areas where traffic needs to be separated
- Two sizes available
- Colour: orange
