

Superior Palm Fit Gloves - Dissipative

Product Images

Description

The Superior Palm Fit Gloves - Dissipative contain super conductive threads for static dissipation. With dust-free, non-slip treated polyurethane palms, the Palm Fit Gloves are durable and can be laundered for re-use

- Made from dust-free, low linting material
- Knitted nylon / carbon glove with elastic cuff
- White PU resin
- Surface Resistivity: $2.3 \times 10^7 \sim 9 \Omega$
- Static Build-Up: Before friction 125V, After friction >75V
- Static Decay Time: <1.5sec
- 23-27g weight per pair
- Colour: White
- Pair / Packet of 10 / Case 300
- CE approved
- Conform to EN388, EN420 - Category II and EN61340-5-1 1&2 Standards
