

Elten Maddox Infinergy® Safety Shoes

Product Images

Description

With an Infinergy® midsole, the Elten Maddox Infinergy® Safety Shoes are built for comfort providing optimum cushioning to the wearer. The Elten Maddox Infinergy® Safety Shoes are ESD safe and suitable for working in ESD sensitive or electrostatic protected areas (EPA). Featuring a steel toe cap, padded tongue and fabric lining for natural ventilation thus improving breathability, the Elten Maddox Infinergy® Safety Shoes are the ideal footwear for all working environments

- ESD safe
- S3 SRC
- Steel toe cap
- Sole core made of Infinergy® by BASF foam technology - As an intrinsic component of many of Adidas's running shoes and known as the "Adidas Boost", Infinergy® technology offers unbeatable comfort and provides long-term durability
- Hydrophobised textile material for added strength & tear resistance
- Leather free material
- Non-metallic penetration-resistant midsole
- Padded tongue to alleviate pressure on foot
- TPU/PU sole - provides enhanced slip resistance with antistatic properties
- Reflective material for increased visibility
- Conforms to EN ISO 20345
