

JSP EVO VISTAshield® Safety Helmets

Product Images

Description

The JSP EVO VISTAshield Helmet incorporates a fully retractable optical class 1 integrated faceshield with A-rated impact protection. A dual vented shell offers increased comfort and allows cool air flow, reducing the VISTAshield Helmet temperature by an average of 2-3 degrees

- Safety cell protection prevents ricocheting debris from travelling up the eyewear and impacting the scalp
- Fully compatible with prescription eyewear
- Shield is easy to retract and deploy and pivots smoothly
- Includes clear plastic ID card holder with simple push and slide mechanism
- Chamlon sweatband with PU coating for maximum sweat absorption
- Optical Class 1 visor offers panoramic view with minimal distortion
- K Rated Anti-Scratch resistance to surface damage from fine particles
- N Rated Anti-Mist resistance to fogging
- A - Impact Rating. High energy impact; 6mm, 0.86g ball travelling at 425mph (685kph)
