

Dependable Automatic Dry Powder Extinguisher

Product Images

Description

Designed to operate autonomously, Dependable's Automatic Dry Powder Extinguisher self-activates upon the detection of fire and covers the immediate vicinity with a specially-formulated ABC dry powder extinguishant designed to quench fires before they spread

- Heat-sensitive glass bulb smashes upon detection of fire
- Filled with ABC dry powder extinguishant
- Roof-mounting bracket included
- Conforms to EN standards
- Note: Please note that although we endeavour to have this shipped via next day delivery, due to its classification it requires additional handling by our courier partner. This could lead to a longer delivery time - for any queries or clarification please contact [our sales team](#) or [click here](#) to view our Terms and Conditions
