

Skipper Dummy Unit

Product Images

Description

The Skipper Dummy Unit is effective in acting as the end point of a cordon line. Easy to use, the Dummy Unit sits on top of Traffic Cones or Post and Base Systems

- Does not contain tape; can be used as an end unit where the line of tape does not need to go any further
- Tape end clip can easily be attached to corresponding slot on Dummy Unit
- Robust and durable, yet lightweight
- Available in Orange and Yellow
- 145mm x 145mm x 240mm (W x H x D)
- 400g
