

3M Premium Purple Masking Film

Product Images

Description

3M Premium Purple Masking Film is a clear film for masking vehicles during refinishing applications. In a convenient 150M roll, 3M Premium Masking Film is of industry standard for professional use

- Provides excellent paint overspray adhesion
- Prevents moisture imprinting and ghosting on painted vehicle surfaces
- Professional quality
- Easy handling and increased cling to the vehicle
- Withstands temperatures up to 120°C for up to 1 hr
- Treated to give excellent adhesion to both solvent and water-based paints
- Avoids primer, base, and clear coat flaking issues
- Durable and dense enough to be able to reposition masking tape without tearing the film
- Roll dimensions (W x L): 4M x 150M
