

ATG Maxiflex Ultimate with AD-APT Gloves

Product Images

Description

ATG Maxiflex Ultimate with AD-APT Gloves are designed for all-day wear with general handling applications. Activated by rising temperature within the glove, ATG Maxiflex Ultimate Gloves use AD-APT technology to keep hands dry and cool when working

- Ergonomic fit and excellent dexterity for hand control
- AD-APT technology is activated by hand movement and inner-glove temperature to release a natural cooling agent that keeps hands dry and comfortable
- Precision handling for dry environments
- Flexible Nitrile Butadiene Rubber coating on palm
- Light and comfortable, ideal for all-day wear and general application
- Abrasion and tear resistant
- Knitwrist for a close fit
- High durability and can be laundered
- Touchscreen compatible
- Palm thickness: 1mm
- Certified to EN 388: 2016 4131A
- Colour: Grey/Black
