

Showa Knit Lined Heavy Duty Nitrile Gloves

Product Images

Description

The Showa Knit-Lined Heavy Duty Nitrile Gloves are a chemical resistant dual nitrile glove designed for use in a chemical environment. These flexible, impermeable knit-lined gloves provide an excellent grip and protection from a range of solvents, oils and acids. The liner, made from cotton and polyester, provides additional comfort for the wearer by absorbing perspiration while also providing a good mechanical resistance

- Double nitrile coating provides excellent chemical, oil and abrasion resistance
- Cotton/polyester lining
- Protects against oils, hydrocarbons, grease and abrasion
- Impermeable for working in damp or greasy environments
- Scalloped edge and rough textured finish
- Ergonomic fit
- Suitable for food handling
- Lower allergy risks
