

Armorgard Chembank Site Box

Product Images

Description

The Armorgard Chembank Site Box is suitable for the outdoor storage of chemicals, with a steel construction and twin 5-lever deadlocks with gas strut. Inbuilt forklift skids enable the Chembank Site Box to be moved easily, and the container's ventilation allows sufficient airflow to prevent the build-up of fumes

- Powder coated finish for maximum durability
- Constructed using 2 & 3mm steel
- 1/2 hour fire resistant
- Twin 5-lever deadlock
- 85L sump capacity
- Lid safety stay
- Gas strut (300N)
- COSHH compliant
- Includes safety signage for hazard warning
- 86kg
- 1300mm x 675mm x 670mm
