

Stabila 80U-2 Spirit Level

Product Images

Description

With an aluminium profile the Stabila 80U-2 Spirit Level is easy to clean due to its smooth sides and electrostatic powder coating. The Spirit Level has two vertical vials which allow quick readings in any position and offers precise measurement

- 3 vials: 1 horizontal and 2 vertical
- Electrostatic Powder Coating
- Normal Position Accuracy: $\pm 0.5\text{mm/m}$
- Overhead Position Accuracy: $\pm 1.0\text{mm/m}$
- Easy to clean
