

Contec Stainless Steel Curtain Cleaner Frame

Product Images

Description

The Contec Stainless Steel Curtain Cleaner Frame securely holds wipe covers in place, ensuring uniform contact with strip curtains. The Curtain Cleaner Frame has dual-facing stainless steel curved arms, which prevent cleaning covers from twisting and binding

- Securely holds wipe covers in place to ensure uniform strip contact
- Enables both sides of the strip curtains to be cleaned at once - up to 12" wide
- Durable, with a stainless steel construction
- Prevents cleaning covers from twisting and binding
- Ideal for sterile environments and can be autoclaved
- Easily attaches to the Contec Fibreglass Telescopic Curtain Cleaner Handle
- 36.5cm x 5cm x 17cm
