

Contec Polywipe-C Heatseal Wipes - Pack 25

Product Images

Description

The Contec Polywipe-C Heatseal Wipes are made from laser cut knitted polyester that bonds the fibres at the edges of the wipe. The Polywipe-C Heatseal Wipes is ideal for critical cleaning due to it being low in particles and extractable residue

- Soft textured wipe
- Reduces the chance of particle and fiber contamination during application
- Pack 25
- Size: 24" x 43"
- Laser-cut edges
- Chemical resistant
- 100% knitted polyester
- Low in particles and extractable residue
- Conforms to ISO 3-8
