

Widening (Item No. 115) for WAKÜ telescopic ladders

According to the new European Standard EN 131 (valid from 1 January 2018), leaning ladders from 3 meters in length must be equipped with an additional widening.

As usual, WAKÜ has a great solution for you:

WAKÜ telescopic ladders fulfill in conjunction with the widening Art. No. 115 all requirements of the valid standard EN 131. The widening is for WAKÜ telescopic ladders item no. 101, 102 and 103 optionally available and also retrofittable.

- Compliant with standards
- easy construction
- fast handling
- robust yet lightweight
- folds down and saves space
