FLEXOTHANE[®]
CLASSIC

Hi-vis winter rain coverall

During cold winter days you do not only need protection against the cold, rain and wind, but you also want to stand out and be visible. This is possible with our hi-vis winter rain coverall Rabaul. The standing collar and the knitted wind cuffs in the sleeves offer extra protection against the cutting wind, while the padded lining gives you a comfortable warm feeling. This rain coverall in elastic and durable Flexothane[®] fabric is designed with two front pockets, two patched thigh pockets and one Napoleon pocket. The elastic narrowing in the back and the concealed zip fastening on the trouser legs increase your comfort. The hood can be stored in the collar.
